

Welcome

Amidst the vines of the valley floor, a unique tradition continues. In the historic Rutherford schoolhouse, new generations of children learn through play, and their parents make powerful connections – working collaboratively to build lasting bonds for both parent and child.

The St. Helena Cooperative Nursery School reflects one of the best parts of our community. The Co-op emphasizes the development of the whole child through social interaction, multi-sensory activities, and active parent involvement.

In an age when kids are pushed to read and write before they are developmentally ready, Co-op children learn through experience. Co-op children understand math not by rote memorization, but by adding the number of pounds of rice they have collected for the local food pantry. On any given morning, kids gather around the circle rug for story, tunnel through the sand pile, or make a first friend. They feed birds in winter, and pump water by hand, ever alert to the splendor – and fragility – of the environment around them.

The parents of the Co-op have maintained the Rutherford schoolhouse since 1966. Many years of care from generations of families have preserved this historic building as a landmark of the Napa Valley.

Over the years, the *Fund a Need* lot has enabled us to complete a number of ambitious projects. This year we focus on the heart of our school– the families who make up our membership. Because we want to make sure that our doors can be open to *all* families who want to be a part of our school, we ask you to please raise your paddles to contribute to our scholarship program, named in honor of Taylor, Ava, and Jude Jacobson.

Thank you for joining us in our annual quest to keep the Co-op an educational gem, an integral part of our community and an ecological inspiration for generations to come.

Special Thank You

Experience three nights in a private Orchard home at the Carneros Inn featuring two master suites that sleep up to six people, spectacular limestone bathrooms with heated floors and indoor/outdoor showers, a fully-stocked gourmet kitchen with Viking and Bosch appliances, an indoor/outdoor living room with fireplaces and Viking gas BBQ, elegant furnishings, a state-of-the-art entertainment system and a private courtyard and garden with spa. When you do leave the property, it will be to enjoy two Napa Valley exclusive wine experiences. A VIP tour and tasting awaits you and three friends at The Hess Collection Winery. Wander through the gallery to view a part of the extensive personal collection of Donald Hess, often featured in museums worldwide. His collecting style is a personal endeavor driven by a passion rather than monetary investment or current trends. He develops a close dialogue with an artist to better understand what drives him or her to create and he carefully limits his focus as a collector to 20 living artists whose work he faithfully supports long term. As is evident by the caliber of the collection, he collects with the uncanny ability to acquire works by lesser known artists who often go on to become well known and respected in their disciplines. His typical commitment to an artist spans decades and various stages of his career. To commemorate your visit take home a 2006 Hess Collection Mount Veeder Cabernet Sauvignon, 1.5L.

Travel up Highway 29 to enjoy a special luncheon for four at the 100-acre Crocker estate, where Charlie Crocker and winemaker Pam Starr are growing and crafting some of the best wines in appellation St Helena - Crocker & Starr. Following a short tour of the vineyard, you and your guests will be seated in the Stone House, an intimate setting designed by Charlie and Lucinda Crocker.
